

List of Eligible Equipment

Eligible Equipment List

Equipment meeting eligibility requirements for DEWA Distributed Renewable Resources Generation programme (Shams Dubai)

Non exhaustive list of eligible equipment based on manufacturers' submissions reviewed by DEWA as of below date.

Please be advised that the PDF list of Eligible Equipment is now obsolete and should not be used for solar installations. Any equipment listed prior to the launch of our web portal (i.e., included in the last PDF list dated 30/06/2023) must be re-registered through the [DRRG Equipment Portal](#).

Disclaimer for Customers

Please note that the information presented in this document provides an overview of the manufacturers and equipment that meet the required standards based on type-test certification. However, this does not constitute an endorsement or warranty of any kind, whether expressed, implied or statutory, including but not limited to warranties of title, merchantability, satisfactory quality, fitness for particular purpose, warranty for performance, professional advice, professional financial guidance, and shall not be relied upon as the only source of information for purchasing, contracting, investment decisions or for executing other binding agreements.
